

# Making it Happen in North Finchley

(an Action Plan for the delivery  
of town centre projects)

## Project info

We Made That have been commissioned by the Council to produce an Action Plan that focuses on the shift from strategy to delivery in North Finchley town centre. It will outline the first steps toward delivering practical improvements, early activation, and coordinated investment that will create momentum, demonstrate that action is being taken, and lay the groundwork for longer-term change in North Finchley.

## Come and speak to us

As part of this process we'll be based in the town centre for a number of 'drop-in' sessions for you to come in and chat to us about improving the town centre:

- Friday 13th February, artsdepot cafe, 12pm-2pm
- Wednesday 18th February, artsdepot cafe, 12pm-3pm
- Friday 20th February, artsdepot cafe, 12pm-2pm
